EXTRA- CURRICULAR

- Craftiee_Hub is a home-based creative business offering personalized handmade gifts and crafts. Focused on custom designs, it blends art and emotion to deliver meaningful, handcrafted products for all occasions.

PROFILE

Motivated and creative Computer Science student with hands-on experience in front-end development, specializing in building responsive and user-centric web applications using HTML, CSS, JavaScript, and React.js. Developed a full-featured fitness tracking app (FitFlex) as part of the Naan Mudhalvan program, demonstrating strong skills in component-based design, state management, and UI responsiveness. Currently interning as a Data Analyst at Codelevate, gaining valuable experience with Python, SQL, Excel, and Power BI. Passionate about clean code, intuitive user interfaces, and continuous learning. Seeking to contribute to innovative projects and grow as a front-end developer

ACADEMIC PROJECTS

Fitflex Fitness app   JAN-MAR 2025

- FitFlex is a responsive fitness app built using React.js, featuring reusable components, dynamic state management with hooks, and clean UI design. It helps users track workouts and stay motivated, emphasizing both functionality and user experience.

Sentimental analysis on twitter   OCT- JAN 2024-25

- A machine learning project that classifies racial and non-racial tweets using Python, without relying on the Twitter API. Implemented algorithms like Random Forest and Logistic Regression, and used libraries like Pandas, Seaborn, and Matplotlib for data processing and visualization.

                                           2024 - 2025
